

Carterton Invitation Aunt Sally League

Letter to Captains

October 2024

Timings

Whilst we're very happy to welcome additional members this year, it brings its own problems in the form of extending timings. Only two weeks in, we're already creating problems for the bar staff.

On further analysis, we'd like to trial the following measures from tonight and measure any resultant changes.

- **Tossing**

Do the tossing for ALL legs 'off-pitch' before the game.

- **Player Order**

We've already touched on this – please supply a default order for all of your players*.

We'll pre-load this into the laptop.

On the night, fill in the scorecard (Home or Away) with the actual playing order (or write NO CHANGE).

Whoever is on the desk will then correct the playing order (if required) once the game has started.

*If you can do this before tonight, that would be very helpful.

- **Player queuing**

Encourage the 'next' player to queue up to throw.

- **Sticks**

Get the sticks 'off pitch' immediately the game has finished.

- **Handshakes**

Do all handshakes, hugs etc 'off-pitch'.

If these measures don't result in sufficient savings, we'll need to consider structural changes.

Your Committee
