## 2021/22 Season – Feedback Form

Please give us *any* feedback on the good and bad points of this year, which we'll discuss and present back at next year's AGM. Please return by/on Finals Night.

- Why do new/guest players get assigned to the stronger teams
- Disappointed that Cross Keys pulled out, tempered by the fact that solution found to play 6 teams – worked well
- Guest players allowed to play for teams that are already over strength – not good.
- Late starts having knock-on effects for alter matches – needs to be resolved.
- Efforts to ensure that we had sufficient players throughout the season – travelling together etc – were appreciated.  
However, mixing players in different teams may ensure fuller attendance throughout the evening
- Sort out the Rules and don't keep changing when it suits who is playing.
